Be Safe Like

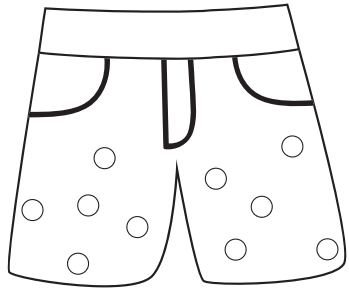

SAMMY THE SAFETY BEAR!

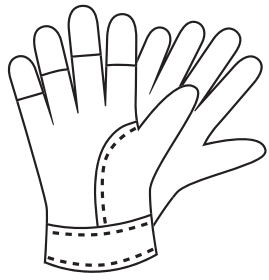

When I grow up, I want to be just
like Sammy the Safety Bear!

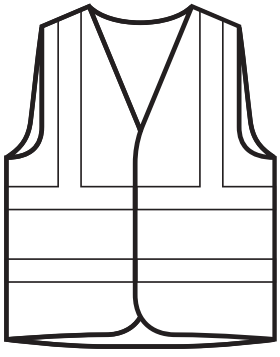

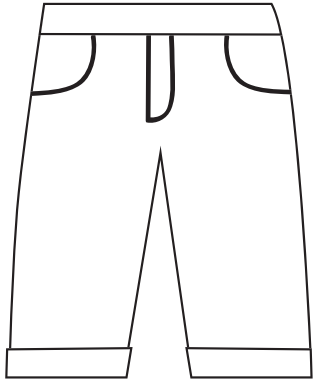

Sammy works in construction and wears special clothes to keep him safe. Can you circle all the clothes Sammy wears at work?

Sammy says construction sites are for adult construction workers only. Maybe when I'm older, I can work there too!

If I see a spill at home, I clean it up so nobody slips and falls down. Just like Sammy the Safety Bear would!

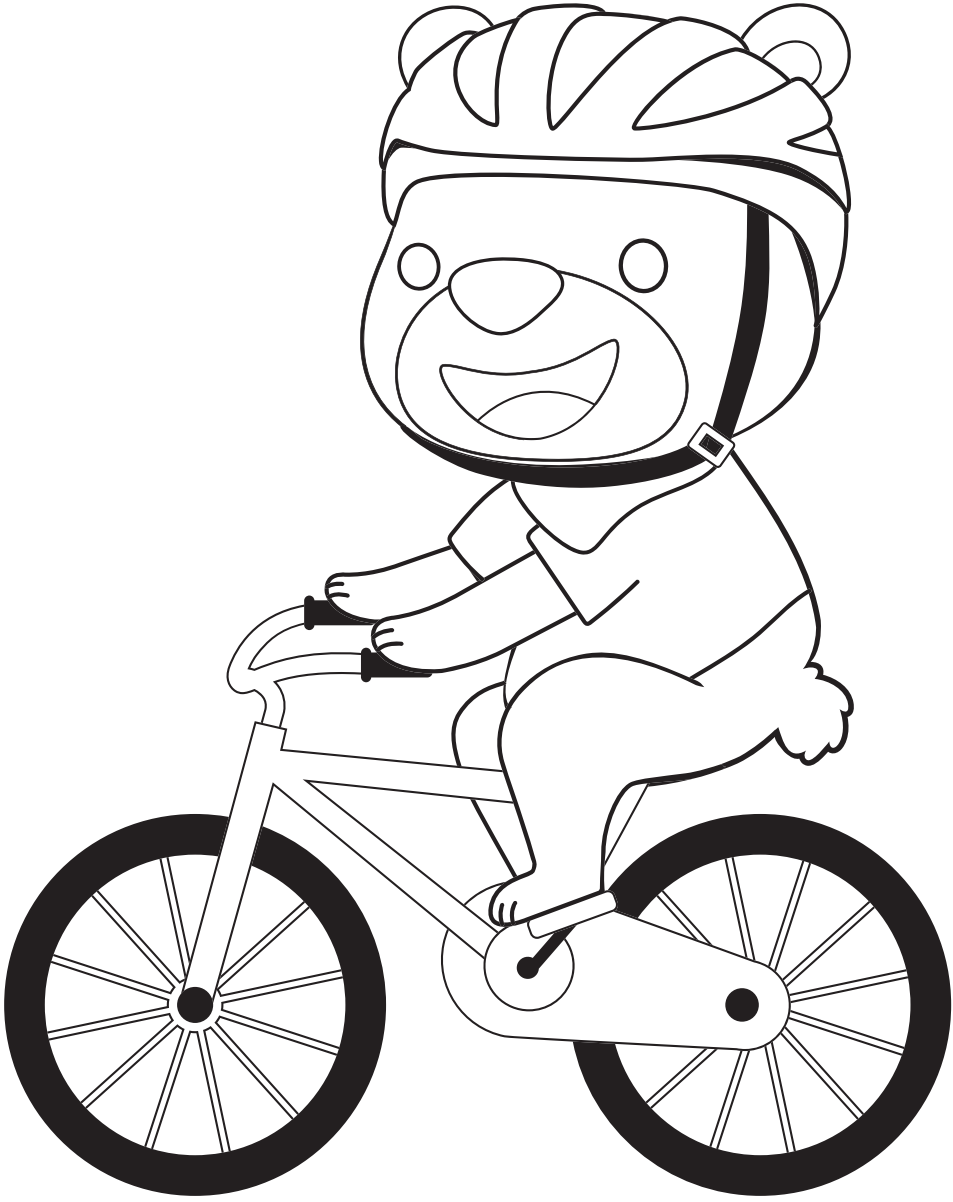

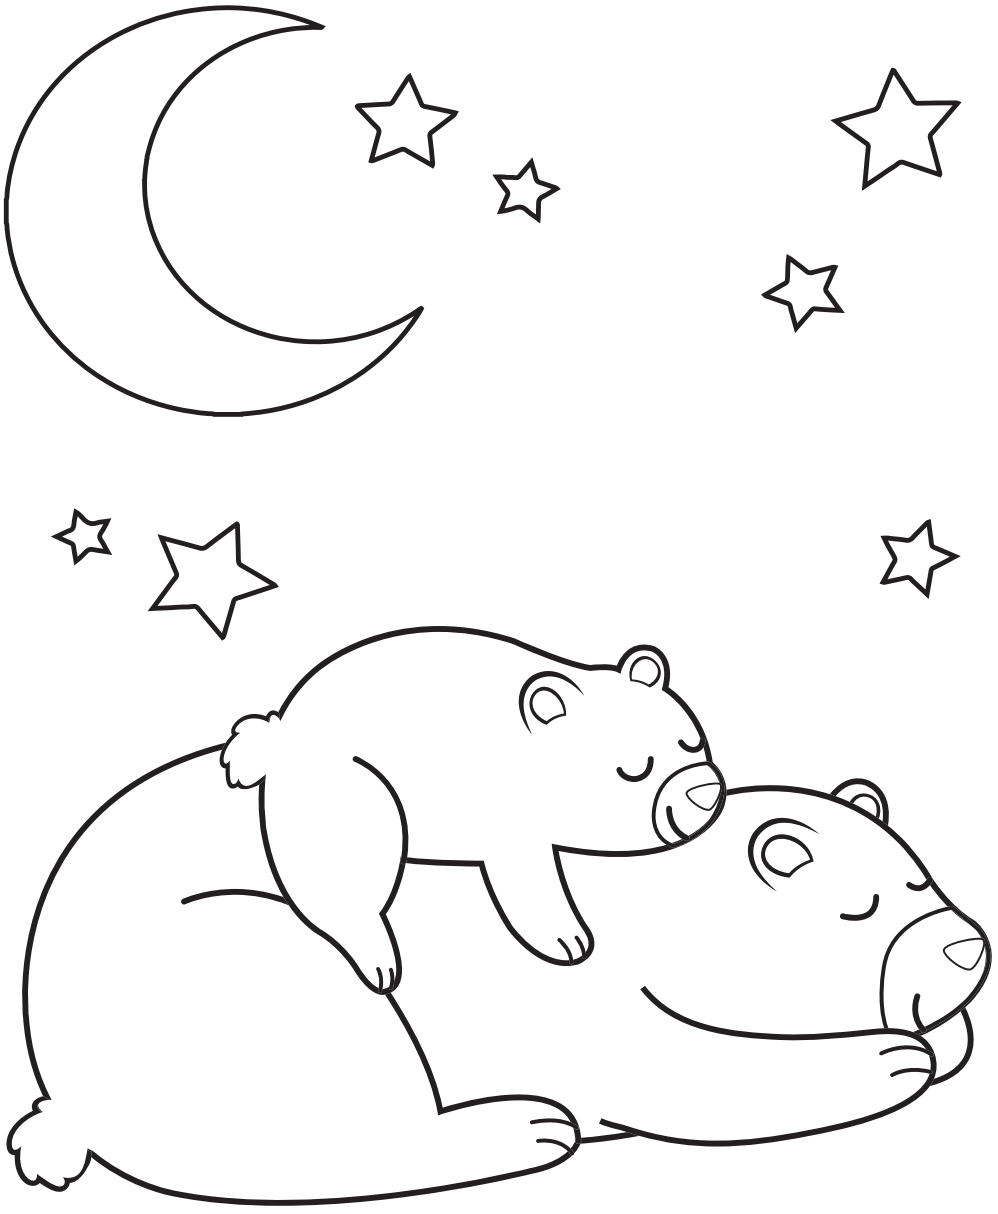

Sammy tells me that tying my shoes can keep me from falling, but to have a first aid kit handy just in case I do get hurt!

When Sammy drives, he always wears a seatbelt and never uses his cell phone. Can you connect the dots that make Sammy's dump truck?

When I ride my bike, I always wear my safety helmet like Sammy wears at work.

Sammy says to be careful so that we can go home safe every night to those we love. Sammy also says sleep is important too, so now I'm going to bed. Good night!

Gilbane

Gilbane Building Company

Because we're all one family.

BUILDING
MORE THAN
BUILDINGS®

Gilbane builds…

the schools you learn in,
the hospitals you heal in,
the offices you work in,
and the communities we live in.
